

Bank Gets into Action with Donation

The Daily Astorian, April 17, 2009

Clatsop Community Action was the recipient of another \$1,000 check presented by Compass Community Bank's President and CEO Steve Ferber on April 3. The presentation was the result of a random drawing held in conjunction with the bank's grand opening of its Astoria branch in February, where guests were invited to drop the name of their favorite Clatsop County United Way agency into a drawing for the \$1,000 prize.

Andrea Burch of Astoria is responsible for the winning entry in the grand opening drawing. She chose CCA as her designated recipient because the agency provides services to a housemate's elderly grandmother who is blind. The agency was also randomly selected to receive \$1,000 from Compass Community Bank following the grand opening of its Seaside office last May.
